JavaFX Dialog Box
for confirmation

The diagram shows a window titled "Administrator" with a light gray background. At the top left is a "Quit" button, and at the top right is a "Logout" button. The main area is split into two panels. The left panel is titled "User List" and contains a large empty rectangular box. At the bottom of this panel is a "Delete User" button. The right panel is titled "Create New User" and contains the text "Enter Username:" followed by a text input field. Below the input field is a "Create User" button.

JavaFX Dialog Box
for input change

JavaFX Dialog Box
for confirmation

The screenshot shows a JavaFX application window titled "User". The interface is divided into two main sections: "Your Albums:" on the left and "Album Info:" on the right. The "Your Albums:" section contains a large empty rectangular box. The "Album Info:" section contains several input fields and buttons. At the top of the window, there are buttons for "Quit", "Search for Photos", "Create Album", and "Logout". The "Album Info:" section includes an "Album Name:" field, a "Rename" button, a "Number of Photos:" field, a "Range:" section with "earliest" and "latest" dropdowns and calendar icons, an "Open Album" button, and a "Delete Album" button. Red arrows point from numbered black boxes to specific UI elements: 1 points to the "Logout" button, 4 points to the "Open Album" button, 10 points to the "Search for Photos" button, and 11 points to the "Create Album" button. Additionally, there are three text labels with arrows pointing to the interface: "JavaFX Dialog Box for confirmation" points to the "Quit" button, "JavaFX Dialog Box for input change" points to the "Rename" button, and "JavaFX Dialog Box for confirmation" points to the "Delete Album" button.

A JavaFX Dialog Box for confirmation. The dialog box has a light gray background and a dark gray border. At the top left, the text "Enter Caption:" is displayed in a bold, black, serif font. Below this text is a large, empty white rectangular area for text input. At the bottom right of the dialog box, there are two buttons: "Done" and "Cancel", both with a light gray background and a dark gray border.

Edit Tag

9

The screenshot shows a JavaFX dialog box titled "Edit Tag". It contains a "Tags:" label and a large empty text area. Below this is a horizontal line. Under the line, there are two labels: "Tag name:" and "Tag value:". The "Tag name:" label is followed by a text input field containing the word "location". The "Tag value:" label is followed by a text input field containing the text "New Brunswick". At the bottom right of the dialog box are two buttons: "Edit" and "Cancel". A red arrow points from the "Add tag" button (located at the top right of the dialog box) to a black box containing the number "8". Another red arrow points from the "Edit" button to the text "JavaFX Dialog Box for confirmation".
